

jetStamp 792 MP

Print on metal and plastic - e.g. installed in production lines

The handheld inkjet *jetStamp* 792 MP prints quickly and quietly on all even and uneven areas, mobile or stationary. With the MP series of the *jetStamp* family, special surfaces such as metal and plastic can also be printed.

Description

- Number, date, time and text in one- and two-line prints
- Fonts of narrow to wide (max. 20 characters per line, max. print width 42 mm)
- Simple menu guidance through userfriendly LCD display
- Various prints stored in the stamp
- Up to 4 individual texts or special functions are possible
- 25 different prints are stored in the system
- On request, the 792 MP is also deliverable with 10 freely programmable memory spaces (Marker10). No stored prints.
- Suitable for machine use, e.g. integration in production lines
